Valued Customers,

Thank you to all my returning customers and new customers who have trusted me with their transplant needs. It has been a great experience this far meeting all types and sizes of growers.

This Spring 2024 will mark ten years being in the Nursery business. Many thanks go out to a lot of people, but there are a few that stand out. First my parents for supporting me through the start up and the year-to-year conversations, struggles, problems, meetings, the good times and the bad. (Not much bad, very thankful for that)

Secondly would be Jim Rockis, who is a mentor of mine in this business. He has always been there when I pick up the phone to call him with questions. Jim is also a supplier of some of our stock. It started back in 2015 when Jim shipped plants from the west coast to store in my coolers to be closer to Wisconsin. Ever since we have been selling some of his stock to supplement our supply. We believe we follow the same guidelines on supplying a valuable product for our customers.

Other friends who have helped me along the way are Scott Powell and Kenny Scholz. Thank you to those who have supported me and Thank you again to my Customers. I'm looking forward to another Spring Season in 2024!

Joey Swanson
